

Royal Princess Sea View Condo For Sale

45,000,000 THB

Royal Princess Condominium has one of the best locations in Hua Hin – diagonally opposite Bluport shopping mall, walking distance to the Intercontinental Hotel and conveniently located directly on the beach in one of the best beach areas in Hua Hin.

This unit is on the 13th floor and is one of the ONLY units for sale that has amazing ocean views.

It is a western facing unit with absolutely stunning city and mountain views to the west and breathtaking sea views both south and north.

Each condo at the Royal Princess has northern and southern views, as the building was designed in the shape of a boat with each unit benefitting from views on either side.

This condo has a total of 250 square meters with 4 bedrooms and 4 bathrooms.

The building was constructed in late 1997 for wealthy Thais from BKK and therefore each condo owner has a dedicated driver's room.

The top floor of the condominium has amazing views and also a huge swimming pool that goes the full length of the building from east to west. The communal facilities include a gym with some basic equipment, a snooker room and a table tennis room. There is also a tennis court on the ground floor as you enter the complex.

The unit is exquisitely furnished with much of the furniture being included in the sale, and some personal items and antiques NOT being included in the sale.

The main living area is massive, with views south, west and north and lots of natural light from all angles – with the main feature being the western facing covered outdoor dining area.

Condos like this are hard to come by, with most sea view condos having been sold during Covid to BKK Thais to escape the big city.
